

K Eswari Sudha

(Ph. D Research Scholar, Department of English and Foreign Languages, College of engineering and Technology, SRM Institute of Science and Technology, Kattankulathur-603203, Tamil Nadu, India.)

The Stillness

Apprehensive or Affectionate

Exhausted or Excited

Indifferent or Inspired

Outraged or Optimistic

Uncertain or Understanding

A brief pause.

Neither for solace nor for warmth

Neither for rejuvenation nor for celebration

Neither for insight nor for energy

Neither for empathy nor for purpose

Neither for clarity nor for comparison

But,

To stand

To sip
To revere
-the munificence stillness.
By holding
A street-style tea glass.

A brief pause.
A brand by itself
-TEA.

A pause
With no labels.
A pause
With no adjectives.
A pause
To show up anyway.
