Death- The Deliverer

The most wished, often misunderstood,
The deliverer of pains but reliever of stress.
Of course, an end but brings new beginning.

A wonderful way to reach Almighty
An unwelcomed guest, gifts a new world.
Mostly embraced by the abandoned, forsaken.
Painful to hold, result of vanity in life.
Vexation of spirit, tiredness of waiting,
Reasonless anger, jealous, wrath.
Could an innocent soul find peace?

Thus, it embraces- Death...

Death- reliever of vexation.
A time to be born and a time to die.
Of course, pain brings birth and
the same brings the end. That's time.
