### **Literal Truth**

He has ever uttered The Truth  
Means in his uttering there are  
Literal words containing literal  
Meaning which has never been  
Affected by his any sort of own  
Interest or purpose at any cost  
So, He would not be accountable.

On being heard or listened to his  
Uttering, another one produced  
Same words which don't contain  
One's own so and so, so, that one  
Would be too unaccountable in all.

Both will have been remained not  
To receive either award or retribution  
To enjoy or drink in the Future which  
Follows only the Present which has

Followed the Past of which Awards  
Made both follow ever Only The Truth  
Which literally reveals that The Time  
Being reckoned as either The Past or  
The Present or The Future doesn't  
Exist when The Existence could be  
Literally comprehended beyond doubt.
