

Nelakshi G Borgohain

(Nelakshi G.Borgohain from Guwahati is a writer who is known for her work that revolves around nature and travel)

Aparajita

A pea upsprung plummy
On my villatic terrace,
Shot sylphlike tendrils in Zephyr's wings.

Her virid leafage rose spiralling, A
jade adorned in a sapphire necklace.
A pea upsprung plummy.

The honeybees, bumblebees, savour spring;
Frolic by the Aparajita trellis,
Sylphlike tendrils shoot up in Zephyr's wings.

A sunbird pair twined their nest in glee Raise
their brood, tell joyous parenting tales, From
the pea vine plummy.

Majorelle hues dyed in silk grace Scarfs
rare and specially stylish.
Sylphlike tendrils shoot up in Zephyr's wings.

Shades of their soul in my tea cup whirl.
Lush vibrancy enkindles colours in our lives. A
pea upsprung plummy
Shot sylphlike tendrils with Zephyr's wings.

Note: Butterfly pea is another name for the Aparajita flower. Majorelle: of blue heaven(French),cobalt blue.
