Dear Chocolate

You make a child's face glitter,
Either sweet or bitter,
Your different kinds are on twitter,
Either dark or white,
You can never be out of site,
Your taste leads to joy,
All are eager for you whether a girl or a boy,
It is you my dear dear chocolate,
Thou makes a special nation,
Because you have many different variation,
I like one not the other,
But during stress thy my brother,
Anxieties away , pastness gone,
A chocolate creates new energy inborn
Eat it feel it, make it your fellow,
Your day will pass glorious and yellow.
